

SoundSafe Kids — Product Fact Sheet

Overview

SoundSafe Kids is a family hearing-safety app for iOS that helps parents and caregivers check everyday sound levels, track weekly sound allowance with WHO-ITU child guidance, and run guided place and object checks with plain-English recommendations.

- **App Store name:** SoundSafe Kids Noise Meter
- **Icon label on device:** SoundSafe
- **Bundle ID:** com.soundsafekids.app

Origin

SoundSafe Kids was conceived by a pediatrician with decades of experience caring for children, including many with sensory and developmental needs. The app offers practical family guidance — not diagnosis, treatment, or medical advice.
